

## 2007-2008 Principals' Meetings: Establishing a Network of Support

**Description:**

Monthly Principals' Meetings are held for the purpose of focusing on common issues, sharing timely and relevant State Education Department information, and for sharing local experiences, procedures, innovative programs, best practices, and strategies for ensuring all students are successful in attaining the NYS Learning Standards. The meetings serve as an especially important mechanism for maintaining ongoing regional communication between building principals and BOCES Instructional Support, Career and Technical Education, and Special Programs Departments. Guest speakers frequently present information of relevance to the collective group.

---

**Facilitators:**

Marki Clair-O'Rourke, Assistant Superintendent for Instruction, DCMO BOCES  
 Kerrie Johnston, Director of Instructional Support Services, DCMO BOCES
