

Math is....

- If math were weather, what kind of weather would it be?
- If math were a food, what kind of food would it be? How would you eat it?
- If math were a hobby, which hobby would it be?
- If math were a way to travel, what would it be?
- If math were a color, what color would it be?
- If math were a way to communicate, what would it be?
- If math were a plant, what kind of plant would it be?
- If math were music, what kind of music would it be?
